NEW CHIEF AT ZUCKERBERG SAN FRANCISCO GENERAL

Dr. Christopher Colwell was appointed chief of Emergency Medicine at Zuckerberg San Francisco General Hospital and Trauma Center, effective July 1, 2016. Dr. Colwell received his bachelor of science degree from University of Michigan and his medical doctorate from Dartmouth Medical School. He completed residency training in emergency medicine at Denver Health where he served as chief resident. He is a fellow of the American College of Emergency Physicians.

Dr. Colwell was the chief of Emergency Medicine at Denver Health and Professor and Executive Vice Chair of the Department of Emergency Medicine at University of Colorado School of Medicine. Denver Health Medical Center sees about 110,000 ED and urgent care visits per year. The ED includes an observation unit, dedicated pediatric ED, and is the sole paramedic base station for the City and County of Denver.

Dr. Colwell is a leader in Emergency Medical Services (EMS), serving for over a decade as Medical Director for the Denver Paramedic Division, Medical Director for the Denver Fire Department, and EMS Fellowship Director. He was the senior Associate EM Residency Director at Denver Health and is an ABEM oral examiner. He served on the Board of Directors for Colorado ACEP, and serves on a number of state and national EMS and trauma committees. Dr. Colwell has been honored with multiple awards for his contributions to EMS and trauma care and has published more than 100 manuscripts or book chapters in the areas of prehospital, emergency and trauma care.

ACHIEVEMENTS

Dr. Michael Callaham, Professor Emeritus, was named to the National Advisory Group for the University of Washington CODA (Comparing Outcomes of Drugs and Appendectomy) trial. He additionally was named to the CREST (Clinical Research on
Dr. Jahan Fahimi, Assistant Clinical Professor of Emergency Medicine, has been selected to serve as the Value Improvement Director for UCSF Health. Dr. Fahimi was selected by UCSF leadership from a pool of many applicants. His key new responsibilities include: (1) Developing and implementing a value measurement framework to capture and report on the impact of improvement work across UCSF Health; (2) Providing leadership and support to Unit-Based Leadership Teams during the Value Improvement Cycle; and (3) Working closely with Decision Support Services and the Finance Office, and participating/serving on key UCSF Health Finance and Budget committees.

Dr. Starr Knight and Dr. Kayla Enriquez, Assistant Professors of Emergency Medicine, received Dean's Diversity Fund awards from the School of Medicine and join the 2016 class of John A. Watson Faculty Scholars. Applicants were selected based on their commitment to advancing diversity, inclusion and equity in academic medicine. The awards provide three-year, $75,000-per-year grants to help advance careers and support mentoring.

NEW FACULTY

Dr. Kayla Enriquez, Assistant Clinical Professor of Emergency Medicine, joins the full-time faculty at ZSFG. Dr. Enriquez attended the University of California, San Diego, and then George Washington University School of Medicine. After completing emergency medicine residency training at Alameda County Medical Center, she went on to complete her Masters in Public Health at Brigham-Women's Hospital.
Dr. Marianne Juarez and Dr. Lauren Chalwell, Assistant Clinical Professors of Emergency Medicine, join the full-time faculty at ZSFG. They are both graduates of our UCSF-SFGH Emergency Medicine Residency Classes of 2013 and 2015 respectively and have been working per diem in our department. Dr. Juarez received her BS and MD degrees from the University of Michigan. Dr. Chalwell also hails from the University of Michigan and received her MD from the University of Maryland. She was appointed Assistant Medical Student Director.

Dr. Dan Repplinger, Assistant Clinical Professor of Emergency Medicine, and Dr. Dina Wallin, Assistant Clinical Professor of Emergency Medicine and Pediatric Emergency Medicine, are graduates of our 2014 residency program. Dr. Repplinger received his BS and MD degrees from the University of Wisconsin-Madison, completed his toxicology fellowship at NYU and will join the full-time faculty at ZSFG on August 1. Dr. Wallin was an undergraduate at Stanford University, attended UCLA David Geffen School of Medicine, and completed her PEM fellowship at the University of Texas at Austin. She joins the full-time PEM faculty at Mission Bay and ZSFG.

Also joining our PEM faculty are Dr. Carol Chen and Dr. Nick Glomb, Assistant Clinical Professors of Emergency Medicine and Pediatric Emergency Medicine.
Dr. Carol Chen attended medical school at Duke University after graduating from the University of North Carolina, Chapel Hill. She completed a combined PEM and Global Health fellowship at Baylor College of Medicine and a Masters in Public Health at Johns Hopkins Bloomberg School of Public Health.

Dr. Nick Glomb attended college at Villanova University and then completing a Masters in Public Health while concurrently attending medical school at East Carolina University - Brody School of Medicine. He completed his pediatrics residency at the University of North Carolina, Chapel Hill and a combined PEM and Global Health fellowship at Baylor College of Medicine.

FACULTY ANNOUNCEMENTS

Dr. Mary Mercer and Dr. Hemal Kanzaria, Assistant Professors of Emergency Medicine, were recipients of the ZSFG Values in Action Award.

Dr. Andi Tenner, Assistant Professor of Emergency Medicine, was one of two female faculty members selected by UCSF to attend the AAMC Early Career Women Faculty Development Seminar from July 9-12 in Englewood, Colorado. The seminar gathers 150 early career women faculty from medical schools around the country for intensive faculty development and leadership sessions.

Dr. Sharon Kidd recently joined the department as a part-time program manager for the UCSF World Health Organization Technical Group, led by the Department of Emergency Medicine and Drs. Renee Hsia and Andi Tenner. Dr. Kidd has a PhD in Epidemiology and has coordinated several NIH- and CDC-funded programs.

INVITED PRESENTATIONS

Dr. David Malmud, Assistant Clinical Professor of Emergency Medicine, was invited to speak about "Future Trends in Prehospital Care" at the City College of San Francisco Paramedic Training Program.

Dr. Craig Smollin, Associate Clinical Professor of Emergency Medicine, gave an invited lecture on the "The value of early toxicology consult in poisoned patients" at Linkou Chang-Gung memorial hospital in Taipei on June 23. Dr. Smollin also spoke at the Taiwan National
Poison Control Center about the recent outbreak of "Counterfeit Norco" in the San Francisco Bay Area. He is pictured below with the staff of the Taiwan National Poison Control Center and speaking with the director, Dr. Chen-Chang Yang.

MEDIA COVERAGE

Dr. Hemal Kanzaria, Assistant Professor of Emergency Medicine, and Dr. Renee Hsia, Professor of Emergency Medicine, received media attention for their study on emergency department death rates published in *Health Affairs* (see publications below) from *Modern Healthcare, Healthday, Medscape, Hospital & Health Networks, Health Affairs Blog* and *CBS News*.

Dr. Andi Tenner, Assistant Professor of Emergency Medicine and Global Health Science Affiliate Faculty, was interviewed by "Disaster Podcast" (www.disasterpodcast.com) regarding her work overseeing Ebola Isolation Units for the International Rescue Committee during the outbreak. She was also interviewed regarding ED preparation and preparedness for mass casualty incidents. Dr. Tenner spent almost three months in Sierra Leone from January to March of 2015.

FELLOWSHIP ANNOUNCEMENTS

Dr. Shruti Kant, Assistant Clinical Professor and PEM Associate Fellowship Director, together with Dr. Karim Mansour, Assistant Clinical Professor and PEM Fellowship Director, led the inaugural Pediatric Emergency Medicine Boot Camp (first ever at UCSF) for the new combined pediatric emergency medicine fellowship held on July 5, 6 and 7 at our Mission Bay, Parnassus and Oakland campuses. We had great attendance of faculty from both sides of the bay. The boot camp included simulation, procedural skills and even an ultrasound session which was done alongside the pediatric critical care fellows.
ANNUAL COMMUNITY CARE CYCLOTHON

Dr. John Brown, Associate Clinical Professor of Emergency Medicine, and the residents led the second annual EMS bike tour of San Francisco on July 14 to become better acquainted with Department of Public Health facilities throughout the City that refer patients to our Emergency Departments. The group visited Southeast and Silver Avenue Health Centers, the Sobering Center and Medical Respite facilities at 1171 Mission Street, the Tom Waddell Urgent Care Clinic and Laguna Honda Hospital. Bastille Day and the Tour de France were honored with trivia questions and a symbolic yellow "jersey" passed to the winner of each stage of the trivia competition. There was also a snack station in Hayes Valley. It was a safe, successful ride enjoyed by all.
